BAY

Note - McClure made small blocks & Shively made big ones - problem was - the streets didn't meet so there is a jog all the way up the hill where 13th St should be.

1868 Map of Astoria By Cleveland Rockwell

Columbia River

In 1840s - John Shively owned 13th St to 33rd St

John McClure owned 1st St to 13th St.

Alley way by Paramount Drug is where 13th street would have gone.

13th St. was dividing line between Shively & McClure's donation land claims.
